Re: Maskina Communications, Inc. Corrective Tariff Filing

Dear Mr. Terreni:

Maskina Communications, Inc. ("Maskina" or the "Company"), by its attorneys, submits an original and five copies of its interexchange services tariff, revised to correctly reflect the Company's name.

Maskina was originally authorized to provide resold interexchange services in South Carolina under the name Transcom Communications, Inc.¹ The Company's name change was approved by the Commission by Order No. 2006-647 on November 2, 2006 in Docket 2003-53-C. Through oversight, however, the Company's tariff was not revised at that time to reflect the change and remains currently on file under the Transcom name. Pursuant to discussions with Commission Staff, corrected tariffs are herein provided.

Thank you in advance for your assistance with this matter. Please date-stamp the enclosed duplicate of this submission and return it in the pre-stamped envelope provided. If there are any questions regarding this submission or if any other action is required to bring the Company current, please feel free to contact me at (202) 342-8819 or via email at wbrantl@kelleydrye.com.

Respectfully submitted,

Maskina Communications, Inc.

TARIFF FORMAT

A. Sheet Numbering: Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between pages 11 and 12 would be page 11.1.

B. Sheet Revision Numbers: Revision numbers also appear in the upper right corner of each sheet where applicable. These numbers are used to indicate the most current page version on file with the Commission. For example, 4th Revised Sheet 13 cancels 3rd Revised Sheet 13. Consult the Check Sheet for the sheets currently in effect.

C. Paragraph Numbering Sequence: There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

2.
2.1
2.1.1
2.1.1.A
2.1.1.A.1
2.1.1.A.1.(a)
2.1.1.A.1.(a),I
2.1.1.A.1.(a),I.(i)
2.1.1.A.1.(a),I.(i).(1)

D. Check Sheets: When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross-reference to the current Revision Number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some sheets). The tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current on Commission file.

- 2.9.1 Service is provided and billed on a billing cycle basis, beginning on the date that service becomes effective. Billing is payable upon receipt.
- 2.9.2 The customer is responsible for payment of all charges for services furnished to the Customer, as well as to all persons using the Customer's codes, exchange lines, facilities or equipment, with or without the knowledge or consent of the Customer. The security of the Customer's Authorization Codes, presubscribed exchange lines, and direct connect facilities is the responsibility of the Customer. Charges based on actual usage during a month and any accrued interest will be billed monthly in arrears.
- 2.9.3 All bills are presumed accurate, and shall be binding on the customer, unless objection is received by the Company in writing or orally within the applicable statute of limitations. No credits, refunds, or adjustments shall be granted if demand therefore is not received by the Company in writing within such limitation period.

2.10 Collection Costs

In the event Company is required to initiate legal proceedings to collect any amounts due to Company for regulated or non-regulated services, equipment or facilities, or to enforce any judgment obtained against a Customer, or for the enforcement of any other provision of this tariff or applicable law, Customer shall, in addition to all amounts due, be liable to Company for all reasonable costs incurred by Company in such proceedings and enforcement actions, including,

2.11 Taxes

All federal, state and local taxes, assessments, surcharges, or fees, including sales taxes, use taxes, and municipal utilities taxes, are billed as separate line items and are not included in the rates quoted herein.

2.12 Late Charge

A late fee of 1.5% monthly or the amount otherwise authorized by law, whichever is lower, may be added to any unpaid balance brought forward from the previous month's billing date.

2.13 Returned Check Charge

A fee will be charged whenever a check or draft presented for payment for service is not accepted by the institution on which it is written, however, the charge may equal but not exceed the rate allowed by S.C. Code Annotated Section 34-11-70.

SECTION 3 - DESCRIPTION OF SERVICE**3.1 Computation of Charges**

- 3.1.1 The total charge for each completed call may be a variable measured charge dependent on the duration, distance and time of day of the call. The total charge for each completed call may also be dependent only on the duration of the call, i.e. a statewide flat rate per minute charge. The variable measured charge is specified as a rate per minute which is applied to each minute. All calls are measured in increments as set forth in the Rates Section of this tariff. Fractions of a billing increment are rounded up to a full billing increment on a per call basis. Fractions of a cent per minute are rounded up to a full cent on a per call basis.
- 3.1.2 Where mileage bands appear in a rate table, rates for all calls are based upon the airline distance between the originating and terminating points of the call, as determined by the vertical and horizontal coordinates associated with the exchange (the area code and three digit central office code) associated with the originating and terminating telephone numbers. If the Customer obtains access to the Company's network by a dedicated access circuit, that circuit will be assigned an exchange for rating purposes based upon the Customer's main telephone number at the location where the dedicated access circuit terminates. The vertical and horizontal (V & H) coordinates for each exchange and the airline distance between them will be determined according to industry standards.

- 3.1.3 Timing begins when the called station is answered and two way communication is possible, as determined by standard industry methods generally in use for ascertaining answer, including hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. Recognition of answer supervision is the responsibility of the Underlying Carrier. Timing for each call ends when either party hangs up. The Company will not bill for uncompleted calls.

3.2 Customer Complaints and/or Billing Disputes

Customer inquiries or complaints regarding service or accounting may be made in writing or by telephone to the Company at:

8445 Freeport Parkway, Suite 650
Irving, Texas 75063
(800) 690-0895

Any objection to billed charges should be reported promptly to the Company. Adjustments to Customers' bills shall be made to the extent that records are available and/or circumstances exist which reasonably indicate that such charges are not in accordance with approved rates or that an adjustment may otherwise be appropriate. Where over billing of a subscriber occurs, due either to Company or subscriber error, no liability exists which will require the Company to pay any interest, dividend or other compensation on the amount overbilled; provided, however, in the event that the Company has willfully overcharged any Customer, the Company shall refund the difference, plus interest, as prescribed by the Commission.
